

Call for Experts!

U4SSC Thematic Groups/Working Groups

Join the United for Smart Sustainable Cities (U4SSC) initiative and be part of shaping the future of digital transformation in cities!

We are seeking experts and professionals in various fields to participate in our Thematic Groups and contribute to the advancement of smart city technologies and practices. Here's your chance to collaborate with like-minded individuals from around the world and make a real impact.

U4SSC Thematic Group on City Platforms

This thematic group provides a global platform to explore how ICTs are helping cities to be more sustainable, intelligent, and how city platforms can be the central technological element of this evolution.

- **WG6 Data and APIs in Smart City Platforms**
Leader: Leonidas Anthopoulos (Greece)
- **WG7 Smart Destination Platforms**
Co-leaders: Sandra Carvao (UNWTO) and Ramon Ferri (SEGITTUR)

U4SSC Thematic Group on Artificial Intelligence in Cities

This thematic group will offer a perspective in enhancing and automating decision-making with future foresight while taking into account AI principles.

- **WG2 Autonomous Cities**
Leader: Okan Geray (Digital Dubai)

U4SSC Thematic Group on Procurement for Smart Sustainable Cities

This thematic group will develop practical guidance with case studies from around the world, for social purpose procurement to support smart sustainable cities.

- **WG2 Methodology to support cities to implement the procurement guidelines**
Co-leaders: Warren Smith (Dangersmith SARL & CURSHAW), John Davies (Strategy 4 Technology Limited) and Mary Owusu (Smart Sustainable Cities and Historical Heritage Secretariat, Ghana)

Join the new U4SSC Thematic Group on Digital Wellbeing

This thematic group aims to develop a framework for digital wellbeing and will research and benchmark existing approaches and interventions.
Leader: Okan Geray (Digital Dubai)
